

## WIN with William Morris!

Keep your eyes peeled on our Facebook page over the next couple of weeks - we'll be giving you the chance to win a pair of William Morris designer frames of your choice.

T&Cs apply.

## Team Update!

We have some exciting team updates to share! We're thrilled to announce that Aiden, who spends most of his time at our Market Harborough branch, qualified this week, a year to the day since he joined us as a pre-registration Optometrist.

Roz is back to work after a year's maternity leave after having baby Emelia. We're excited to see her back at work at our Kettering branch! And last but by no means least, Ewa is retiring after 25 years' service - we're sad to see her go but are so grateful for all her hard work and commitment at all the Davis Optometrists' branches over the years!

*"Philip made the whole experience great fun, put me at ease and was very informative"*

P Downing,  
Stony Stratford branch

## Back to School Eye Tests

The weather has been trying to tell us that summer is over for a few weeks now, but with the kids heading back to school very soon, it's almost official! As part of their start of term routine, get them booked in for a thorough eye test to ensure they hit the ground running come school time.

It's also great timing for kids to try contact lenses for the first time, giving them the time to get used to them without the rush or pressure of busy school mornings. Providing they're 8 or above, we're happy to get them booked in for a trial run. Contact lenses are great for sporty kids; giving safer, natural, unobstructed vision, whether they are long or short sighted. Pop in to your local branch or visit our website to find out more.

## Eye concerns? See us first

If you wake up with eye worries, we can help. Make us your first call

**DAVIS**  
OPTOMETRISTS  
Eye Care, We Care, After Care.

We've all been there. You wake up with the sore, watery, uncomfortable eyes. You know these are the symptoms that generally accompany an eye infection. What do you do? So often, people's first thought is to pay their GP a visit, when visiting your eye health expert is

actually the best course of action.

Over the next few weeks, to coincide with National Eye Health Week, our focus is to help you understand the importance of thorough eye health care. If you wake up with eye concerns, make us your first point of call.
